

BRITISH CABINET TAKES UP ARMS CONFERENCE

Expect Official Announcement
of Delegation to Washing-
ton Next Week.

UNEMPLOYMENT IS DISCUSSED
Great Britain's Lawmakers Give
Preference to Problem of Workless
Laborers Over Irish and Armenian
Questions.

(By Associated Press.)
LONDON, Oct. 6.—The Washington
conference on armaments and Far
Eastern questions took third place
in the three important problems
which faced the British Cabinet at a
council held in Downing Street at the
official residence of Premier Lloyd
George this afternoon.

Official announcement of the British
delegates to the Washington
meeting is expected to be delayed
until next week, while the Cabinet dis-
cusses its attention to the unemploy-
ment situation.

In official circles it is said that the
three subjects which demand the gov-
ernment's attention are unemploy-
ment, the Irish situation and armaments,
but of these unemploying is the most
urgent. Officials are care-
ful to point out that the three sub-
jects are equally important, but that
conditions surrounding unemploy-
ment, resulting in such demon-
strations as those of the last few days,
demand the quickest relief possible.

After unemploying there looms
the next Irish conference on October
11, to which the Cabinet must ap-
point representatives to discuss the
basis for negotiations. From this
subject the Cabinet will turn to give
full consideration to the Washington
conference.

It was learned that the composi-
tion of the British delegation to the
forthcoming conference with Irish
leaders was discussed, and although
the names were not finally approved,
it was understood that the govern-
ment would be represented by the
following delegates:

Premier Lloyd George, Lord Bir-
kenhead, the lord high chancellor; Sir
Hamar Greenwood, chief secretary for
Ireland; Austen Chamberlain, gov-
ernment leader in the House of Com-
mons; Sir Lansing Worthington
Evans, Secretary for War, and Win-
ston Spencer Churchill, Secretary
for the Colonies.

That Plant Juice, the New
Herbal Stomach Medicine,
Has Restored His Health

HE WAS PHYSICAL WRECK
He Now Tips the Scales at
190 Pounds, Having Gained
in All 35 Pounds

"I want to give you my wholly un-
solicited endorsement of your an-
tiquated medicine, Plant Juice, and
have brought a photograph with me
so that you can see what I looked
like before taking your medicine."

JESSIE B. PATTERSON.

TAKING PLANT JUICE

Like before taking your medicine,
for no one could be as bad as I was
for long and live, as I was a total
physical wreck," said Mr. Jesse B.
Patterson, who resides at 1501 Clay-
mont Street, Wilmington, Del., re-
cently in an interview with The
Plant Juice Man. Mr. Patterson is
an ex-special policeman and is well
known to practically every man,
woman and child in Wilmington.

"I could get no nourishment, as
my stomach refused to retain food,
I was constipated, had pains in my
back, was extremely nervous and
had very little strength. I was con-
stantly worrying over my condition,
as it seemed to be hopeless. I had
tried many medicines, but they did
not seem to do me any good, until
I finally began to take Plant Juice,
and I must confess with many mis-
givings as to the results, as I was so
run-down, thin and pale, but still I
had hope and can assure you that
my food almost at once and to gain
strength. My bowels became active
and normal; the nervousness and
pains left me and I began to sleep
sound and to gain in weight—in all
a little over 35 pounds—and I now
tip the scales at 190 pounds. My
wife says she would not have be-
lieved it had she not seen it with
her own eyes, and I think everyone
should know about Plant Juice and
what it does for sick people who
suffer as I did."

Tracy's Drug Store.
Plant Juice is sold in Petersburg

Mr. Rubenstein's Message—TO THE PUBLIC:

The sale which I inaugurate today,
October 7, 1921, marks the opening of my
new store. The store is a testimonial of
your confidence in me. The Women's
and Children's Clothing in this sale is a
testimonial of my appreciation to YOU.

YOU have made my efforts to build
up a big popular price store for women a
success.

I have tried in buying these new styles
in Dresses, Suits, Coats and Millinery, to
collect values which will mean MONEY
SAVING TO YOU.

My friends say that I have a talent
for buying bargain merchandise. They
are wrong. I have these advantages:
(First) I buy for MY OWN store and so
I buy with CARE; (second) I have been
buying with same class of goods
(women's wear) all my life, and I KNOW
every angle of the garment business
from EXPERIENCE.

I do not believe it pays to advertise
claims for my sales which will disappoint
you when you see the goods—and so I say

Brenlin
the long-wearing window
shade material

Be sure the window shades you buy
won't crack and break!

Ordinary window shade material is made of coarse
muslin which is filled with chalk and clay. The wear
of daily usage causes this filling to loosen and fall out,
leaving the shade full of cracks and pinholes.

But Brenlin wears and wears

Brenlin is made of fine, closely woven cloth which con-
tains not a particle of chalk, or clay, or other filling.
It wears and wears. Hangs smooth and straight. No
cracks, no pinholes deface it!

Tinted with the finest, fast colors Brenlin Window
Shades will not spot in the rain nor fade in the sun.
They wear three times as long as ordinary shades.

Come in and see the many rich colorings we have in
this long-wearing shade material. Let us show you how
little it will cost to shade your windows with Brenlin, and
help you select just the tone that will harmonize with
the color scheme of your room. Come today.
